

# The Leadership Forum™

(2-day leadership development session)

For supervisors/managers looking to create a deeper understanding of who they are as leaders and strengthen their skills in practical ways.

## Session Description

The TLS Leadership Forum™ is designed to support managers/supervisors in exploring the essence of 'who they are' and 'how they are being' as a leader. Participants then take this insight and explore 'what they are doing' as a leader in terms of building relationships and communicating with others effectively. In the forum we discuss a broad overview of leadership qualities and skills, while taking a deeper look at some of the key aspects of becoming a successful leader. Participants in this forum are guided by certified coach trainers, and supported by peer learners, in a highly interactive learning environment.

Below are the topics included in the 2-day The Leadership Forum:

Day 1 - (explore 'how you are 'being')

- \* Explore Confidence
- \* Define Core Values

Day 2 - (explore 'what you are doing')
