

Do you have newer managers/supervisors who are struggling to be effective leaders?

Are you worried about burned-out staff leaving your organization?

If so, the new TLS Learning Academy™ can help!

Since 2017, TLS has specialized in working with nonprofit leaders and teams. Clients rave about how engaged they feel in our sessions. They receive immediately-applicable tools to help them be more effective leaders and team members!

Our unique **instructor-led** training sessions are highly **interactive** even though they are **virtual**!

The Learning Academy is the perfect choice for your organization's training needs if you are looking for:

1. **Impact** - Sessions are focused on essential topics about leadership/staff development
2. **Flexibility** - Participants choose dates and times that work for them
3. **Budget-Friendly** - Purchase for one person or multiple staff (see reverse side for details)

Training Attendee Comments

"Amazing training, so well organized & helpful, insightful. Loved it!"

"Hands down the best webinar I have been to in years. Great content and great interaction. I would highly recommend to my leadership."

"Excellent training - loved the focus on who we are as individuals versus just giving us one size fits all advice and tasks."
